

The Petroleum Institute
Electrical Engineering Department

Application Form for the
Annual EE Student Award

Please submit duly completed and signed form to EE Department office, Ruwais Building, room 3207, by the last Thursday of April.

The Electrical Engineering Junior/Senior Student Awards are presented annually by the program faculty to the students considered most outstanding on the basis of academic standing, communication skills, maturity and sense of judgment, responsibility, attitude, professionalism, curiosity, initiative, and extracurricular activities.

REQUIREMENTS

- Must be an Electrical Engineering student
- Outstanding Junior Award: Students who have completed half of their third year and/or 85 credit hours are eligible only
- Outstanding Senior Award: Students who have completed half of their fourth year and/or 105 credit hours are eligible only
- The award recipient should have a grade point average of B or better
- Evidence of demonstrated active involvement and/or leadership in activities such as community, publications, internships, athletics or other group activities sponsored by the Electrical Engineering Program or The Petroleum Institute.
