

## The Petroleum Institute

### Arzanah Student Cards

All off-campus curricula-related activities that contribute to and enhance students' knowledge are encouraged. Students' attendance is mandatory. These trips do not require guardian's consent. Organizers should inform Arzanah's Director Office and Student Counselors of the details of the event (destination, day, time, etc.) a week ahead of the event.

In order to facilitate students' participation in off-campus activities and allow them free exit from Arzanah, they should be issued the following:

**ARZANAH Card**: PI encourages student participation in extra-curricular activities (exhibits and shows, conferences and seminars, cultural and sport events, etc.). These activities are an important aspect of a student's social and personal development and interaction with the local community. Students who have been issued an Arzanah Card can participate in such activities without the need to obtain guardian consent.

**GREEN Card**: PI is conscious and respectful of the local cultural norms. Students who have been issued a Green Card can enter/exit campus at any time during the day without the need to obtain guardian consent.

Student Affairs will obtain guardian's consent prior to issuing any of the two cards.
